Please have all documents and drivers' gear ready.

Noise check is mandatory (see rules below).

Sound

With respect to sound produced by the vehicle, the following rules – based on local legislation – apply:

- Maximum number of dBA to be produced is 85, measured with the sound meter placed at position "A" and "Slow" and the microphone placed at 10 m. distance in line with the exhaust pipe, with the engine running at 4,000 rpm (static measurement as part of scrutineering).

- If any part or the entire exhaust system breaks off

during the race, it must be reassembled before the next start.

- For the purpose of sound measurement, each car must be equipped with a properly working RPM meter.
- Continuous loud exhaust explosions during the event are prohibited. If this provision is violated, the Clerk of the Course has the option of serving the black flag.
- The drive-by sound level is measured at a fixed location (mounting point for sound meter at guard rail at the foot of the Race Control tower). Maximum noise level for the drive-by measurement shall not exceed 96 dBA.
 - If the 96 dBA limit is exceeded, a warning will follow.
 - If the 98 dBA limit is exceeded, the Clerk of the Course has the option of serving the black flag.
