

Mazda MX-5 Cup Benelux

Series Bulletin 3

Subject	Article 2.11 Technical Regulations 2026 Brake Pads	Bulletin N°	3
		Date:	19.06.2026

Reference: Article 2.11 Technical Regulations 2026

The newly produced PAGID RSL29 brake pads (black backing plate version) supplied by Intrax BV are approved for use in the Mazda MX-5 Cup Benelux 2026.

The previous PAGID RSL29 brake pads (yellow backing plate version) remain permitted until existing stock is exhausted.

For the installation and use of the black PAGID RSL29 brake pads, the manufacturer's technical bulletin dated 2026 shall apply. In particular:

- New black RSL29 brake pads shall only be installed on new brake discs, or on brake discs that have been machined to remove the friction layer of previously used yellow RSL29 pads.
- Once black RSL29 brake pads have been used on a set of brake discs, the use of yellow RSL29 brake pads on those discs is no longer recommended.

This bulletin forms part of the Technical Regulations 2026 and is effective immediately upon publication.
